

SANTA LUCIA PRESERVE

Mission, Vision and Values

Mission

The Santa Lucia Preserve is a community dedicated to appreciating and respecting the natural beauty of The Preserve and its geographical, historical and cultural setting. The community includes member families, the Santa Lucia Conservancy and the staff who support operations and infrastructure. Working in partnership, the members of the community aim to gently settle, use, share, sustain and enjoy the land by protecting, maintaining and, wherever possible, enhancing its natural resources and wildlife.

Vision

The Santa Lucia Preserve envisions itself a dynamic, responsive and stable community, creating a legacy for future generations through the perpetuation of its legendary, timeless and irreplaceable qualities.

Values
